

God with us.

MERRY CHRISTMAS

St John the Evangelist
Catholic Church

There is room for you!

May you find the space this year to simply rest in the arms of a God of love. **There is room for you in this love.**

There is room for our weirdness, confusion, questions, gifts, wonder, pain, joy and delight. **God is always big enough.**

If you have doubts – in the heart of God there are answers. Don't allow another year to slip by without making space for the God of all life **in your life.**
